How we use pupil information

Steel River Academy Trust collect and hold personal information relating to our pupils and may also receive information about them from their previous school, local authority and / or the Department for Education (DfES). We use this personal data to:

- support your learning
- monitor and report on their progress
- provide appropriate care for you; and
- assess the quality of our services
- to comply with the law about sharing personal data
[add anything else which may be relevant]

This information will include your contact details, national curriculum assessment results, attendance information, any exclusion information, where you go after you leave us and personal characteristics such as your ethnic group, any special educational needs you may have as well as relevant medical information. We will also use photographs of you. More details about this are in our photograph policy.

The use of your information for these purposes is lawful for the following reasons:

- The Academy Trust is under a legal obligation to collect the information or the information is necessary for us to meet legal requirements imposed upon us such as our duty to safeguard pupils.
- It is necessary for us to hold and use your information for the purposes of our functions in providing schooling and so we can look after our pupils. This is a function which is in the public interest because everybody needs to have an education. This means we have real and proper reasons to use your information.
- We will not usually need your consent to use your information. However, if at any time it appears to us that we would like to use your personal data in a way which means that we would need your consent then we will explain to you what we want to do and ask you for consent. This is most likely to be we are involved in activities which are not really part of our job as an Academy Trust but we are involved because we think it would benefit our pupils. If you give your consent, you may change your mind at any time. If we think that you will not understand what we are asking then we will ask your parent or carer instead. Usually, we will involve your parents even if you can make your own decision.

When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you / your parents to provide it, whether there is a legal requirement on the school / academy trust to collect it. If there is no legal requirement then we will explain why we need it and what the consequences are if it is not provided.

When we give your information to others

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about you that we hold, please contact the academy's Headteacher.

We are required, by law (under regulation 5 of the Education (Information about Individual Pupils) England Regulations 2013, to pass some information about our pupils to the Department for Education (DfES). This is the part of the Government which is responsible for schools. This information may, in turn, then be made available for use by the Local Authority.

The DfES may also share information about pupils that we give to them, with other people or organisations. This will only take place where the law, including the law about data protection allows it.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfES as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to National pupil database: user guide and supporting information - GOV.UK.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfES releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit:

<https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

For information about which organisations the department has provided pupil information, (and for which project), please visit the following website:

To contact DfES: <https://www.gov.uk/contact-dfe>

We will also normally give information about you to your parents or your main carer. Where appropriate, we will listen to your views first. We will also take family circumstances into account, in particular where a Court has decided what information a parent is allowed to have.

We will also disclose your personal data to:

- Your new school if you move schools
- Disclosures connected with SEND or medical support – e.g. non-LA professionals, medical professionals, educational psychologist
- School nurse
- School Counsellor
- CAMHS (Child and Adolescent Mental Health Service)
- Education and homework software systems such as seesaw, Times Table Rockstars, Lexia, Accelerated reader and reading plus.

The information disclosed to these people / services may include sensitive personal information about you. Usually this means information about your health and any special educational needs or disabilities which you have. We do this because these people need the information so that they can support you.

Our disclosure of your personal data is lawful for the following reasons:

- The Academy Trust is under a legal obligation to disclose the information or disclosing the information is necessary for us to meet legal requirements imposed upon us such as our duty to look after our pupils and protect them from harm.

- It is necessary for us to disclose your information for the purposes of our functions in providing schooling. This is a function which is in the public interest.
- We have a legitimate interest in disclosing your information because it is necessary in order to provide our pupils with education and pastoral care and connected purposes as outlined above.
- We will not usually need consent to disclose your information. However, if at any time it appears to us that we would need consent then this will be sought before a disclosure is made.

It is in your vital interests for your personal information to be passed to these people or services. We will ask you for consent once we think that you can understand what we are asking. This is because the law requires us to ask you if you can understand. Normally, we involve your parents too. By law we will not need their consent if you can give it but parents like to be involved because it is part of looking after you. Before you are old enough to understand we will ask your parents to consent for you.

We do not normally transfer your information to a different country which is outside the European Economic Area. This would only happen if one of your parents lives abroad or if you move to a new school abroad. If this happens we will be very careful to make sure that it is safe to transfer your information. We will look at whether that other country has good data protection laws for example. If we cannot be sure that it is safe then we will talk to you and your parents about it and make sure that you are happy for us to send your information. As this is not something we normally do and we don't know which country we might need to send your information to, we cannot tell you more about it now but if we want to transfer your data to a different country then we will tell you whether or not we think it is safe and why we have decided that.

CCTV

Some of our academies use Closed Circuit Television cameras for the purposes of monitoring our premises and for the purpose of monitoring the security of our site and the conduct of all personnel who enter the school premises. For examples please see below –

- protecting the school buildings and school assets, both during and after school hours;
- promoting the health and safety of staff, pupils and visitors;
- reducing the incidence of crime and anti-social behaviour (including theft and vandalism);
- supporting the police in a bid to deter and detect crime;
- assisting in identifying, apprehending and prosecuting offenders.

There are visible signs showing that CCTV is in operation and images from this system are securely stored where only a limited number of authorised persons may have access to them. We may be required to disclose CCTV images to authorised third parties such as the police to assist with crime prevention or at the behest of a court order.

Parental / additional information

For the purpose of supporting our students we will also collect, hold and share some parental or additional information i.e. name, address, contact details, parental responsibility, details of siblings not otherwise already pupils in our academies and details of parents' nominated emergency contacts.

We only keep your information for as long as we need to or for as long as the law requires us to. Most of the information we have about you will be in your pupil file. We usually keep these until your 25th birthday unless you move to another school in which case we send your file to your new school.
